

## **Change Creators works with business leaders and their people to create better business outcomes by focusing on the things that matter**

The world of work and business is rapidly changing. It is now people, performing in meaningful ways, that create the spark of difference needed to build sustainable business advantage. Companies that champion human factors such as *vision, purpose, creativity, ethical leadership, happiness, connective relationships* and *making a difference*, are the employers workers want to work for, and the businesses customers want to buy from.

[Susie Vergers](#), Change Creators Founder and Principal Consultant, works with those businesses that wish to flourish in this new reality.

### **Services include:**

{jcomments on}

[Workplace Training](#) for small medium enterprises and training organisations. Areas of expertise include leadership and management, strategy, marketing, customer service, staff engagement, team development and improving communication and conflict resolution skills.

[Business Coaching](#) for entrepreneurs and executives who want help to focus and improve on the things that matter in their life and business. A wholistic approach ensure the 'soft' areas such as leadership, vision and communication, as well as core business skills such as business planning and improving profitability and productivity are attended to.

[DiSC Behavioural Profiling](#) as part of an individual coaching program or customised leadership, team or workplace transformation project.

## Obligation free Exploratory Meeting:

If you need help taking yourself, your business and your people to the next level then you have come the right place.

Start with a meeting or phone conversation and explore how Change Creators can assist you and your business' needs.

Please fill in your [details here](#) for a call back, or phone [Susie Vergers](#) in Perth on **0437 003 275**
